Technical Data
ACRYLIC EMULSION PRIMER

Product description
Acrylic Emulsion Primer is an acrylic copolymer based alkali resistant primer sealer.

Recommended use
To be used for priming exterior cement plaster and concrete substrates. May be used for internal cement plaster, concrete substrates.

Film thickness and spreading rate

Physical properties
Colour
White

Solids (vol %)*
32 ± 2

*Measured according to ISO 3233:1998 (E)

Surface preparation
The substrate must be sound, clean, dry, free from dust, oil, grease and laitance etc. All traces of release agents must be removed. On chalky and dusty surfaces, all loose material must be removed by stiff bristle brushing.

Other surfaces
The coating may be used on other substrates. Please contact your local Jotun office for more information.

Condition during application
The temperature of the substrate should be min. 10°C and min. 3°C above the dew point of the air, temperature and relative humidity measured in the vicinity of the substrate.

Application methods
Spray
Airless or conventional spray.

Brush
Recommended.

Roller
Recommended.

Application data
Mixing ratio (volume)
Single pack.

Thinner/Cleaner
Water.
**Guiding data airless spray**

- **Pressure at nozzle**: 140 - 190 kg./cm² (2100 p.s.i.)
- **Nozzle tip**: 0.021” - 0.027”
- **Spray angle**: 65° - 80°
- **Filter**: Check to ensure that filters are clean.

**Drying time**

Drying times are generally related to air circulation, temperature, film thickness and number of coats, and will be affected correspondingly. The figures given in the table are typical with:

* Good ventilation (Outdoor exposure or free circulation of air)
* Typical film thickness
* One coat on top of inert substrate
* Relative humidity 70%

1. Recommended data given for recoating with the same generic type of paint.
2. In case of multi-coat application, drying times will be influenced by the number and sequence and by the total thickness of previous coats applied – reference is made to the corresponding system data sheet.
3. The surface should be dry and free from any contamination prior to application of the subsequent coat.

The given data must be considered as guidelines only. The actual drying time/times before recoating may be shorter or longer, depending on film thickness, ventilation, humidity, underlying paint system, requirement for early handling and mechanical strength etc. A complete system can be described on a system sheet, where all parameters and special conditions could be included.

**Typical paint system**

**Exterior:**
- Acrylic Emulsion Primer: 1 coat
- Texo Compound: 1 coat
- Jotashield, Jotacryl, Durathane or Futura: 2 coats

As a primer for textured topcoats in the ‘World of Textures’ Please refer to the Decorative Sales Department for technical advice.

**Interior:**
- Acrylic Emulsion Primer: 1 coat
- Stucco: 2 coats
- Fenomastic, Durosan, Gardex or Bengalac: 2 coats

**Other systems may be specified, depending on area of use**

**Storage**

The product must be stored in accordance with national regulations. The product must be kept in a cool and well-ventilated place, protected from heat and direct sunlight. Containers must be kept
Handling
Handle with care. Stir well before use.

Packing size
1 US G and 5 US G.
Packing may vary from country to country according to local requirements.

Health and safety
Please observe the precautionary notices displayed on the container. Use under well ventilated conditions. Do not breathe or inhale mist. Avoid skin contact. Spillage on the skin should immediately be removed with suitable cleanser, soap and water. Eyes should be well flushed with water and medical attention sought immediately.

For detailed information on the health and safety hazards and precautions for use of this product, we refer to the Material Safety Data Sheet.

DISCLAIMER
The information in this data sheet is given to the best of our knowledge based on laboratory testing and practical experience. However, as the product is often used under conditions beyond our control, we cannot guarantee anything but the quality of the product itself. We reserve the right to change the given data without notice.
